THE TRYING SEASON .- The searching winds, the cold, drizzling rains, the heavy fogs, and occasional warm and moist days of March, render it, upon the whole, the most unhealthy month of the year. Its depressing influences are especially unfavorable to invalids, and thousands of persons with feeble constitutions, who have borne the winter bravely, break down in the first month of spring. The variations of the dyspeptic and billious, whose symptoms they invariably aggravate. Intermittent fever is also rife wherever there is evolvable poison in the water or the soil. To enable the system to combat these evils, there is nothing like a good vegetable tonic, and among this class of medicines HOSTETTER'S STOMACH BIT-TERS stand supreme. Medical men prescribe it in preference to any of the tonic preparations of the pharmacopoela. They are aware that the ordinary tinotures and extracts are all based upon cheap alcohol, which is surcharged with an acrid essential oil, and absolutely polsonous. They know, on the other hand, that the rectified essence of the finest rye grown in this country is the sole spirituous ingredient of HOSTETTER'S BITTERS, and that the vegetable medicinal elements of which it is composed are of rare efficacy. Hence it has the confidence of physicians. and finds its way into hospitals where no other proprietary medicine is sanctioned.

A course of the BITTERS is especially recommended to persons of delicate habit, of both sexes, at this on. In the fever and ague districts of the West and South, quinine has been a most universally dis-ourded as a chologogue, and this invaluable antidote to maint, us disorders adopted in its stead. A double gain is realized by the change, for the Bitters, unlike that dangerous atkaloid, are agreeable to the palate, and their curative effect is much more permanent.

NOT ON THUBBDAY ONLY, but every day, the public will be shown through the immense and wellselected stock of

PAIN PAINT.

PAIN PAINT

I want to show a crazy fool,
And what he said and done,
Who used a razor as the tool
To measure round the sun.

He neat a furnace very hot,

Did then with water fill.
To freeze some ice upon the spot
He worked with all bis will.

One day he found his house on fire, He run for turpentine; He poured it on, it flamed the higher, To quench was his design.

This man for children had no lack,

Insane was every son; And by the way, his daughters act

With camphor added too; Mix it with cayenne pepper fine, And nothing else will do.

If costiveness their bowels bake, They swallow pills more dry; Yes, powders too they gladly take, Of common sense are shy.

When burnt they run for turpentine,

All crazy, every one,

Silks and Dress Goods, Cassimeres and Cloths.

When raging fever racks their frame, Like mad dogs they will run Away from water into flame, Big blisters raise for fun.

A dose they drink for pain in head, A dose they drink for feet, Nor know they medicate instead Well parts with sick complete. If inflammation be the cause, Add something hotter still; Irritations are the laws Of fools and their self will.

How mad! how foolish, and how blind, The reader will declare; And yet how many folks we find To this old man are heir.

We will convince our readers, too, We don't add fire to flame; Irritation will not do, 'Tis ignorance and shame.

If taken according to the directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work; then the appetite becomes good; the food digests and makes good blood; the patient

UNRIVALLED SUCCESS

In the treatment of Pulmonary Consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest, and the lungs begin to heal. To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach

Act upon the liver, removing all obstructions; relax the ducts of the gall bladder, the bilb starts freely, and the liver is soon relieved; the stools will show what the pills can do; nothing has ever been invented except calomel (a deadly poison, which is very dangerous to use unless with great care) that will unlock the gall bladder and start the secretion of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most Prominent Causes of Consumption.

THE GREAT REASON Why physicians do not cure Consumption is they try to do too much; they give medicines to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks

Dr. SCHENCK, in his treatment, does not try to stop a coogh, night sweats, chills, or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarra, Canker, Ulcerated Throat, unless the liver and

stomach are made healthy. If a person has consumption, of course the lungs are in some way diseased, either tubercles, abscesses, broncheal irritation, plueral adhesion, or the lungs are a mass of inflammation and fast decaying In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Dr. SCHENCK'S three medicines, which will bring up a tone to the stomach, the patient will want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure Consumption.

WHEN THERE IS NO LUNG DISEASE.

And only Liver Complaint and Dyspepsia Schenck's Seaweed Tonic and Mandrake Pills are sufficient, without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious cases, as they are

PERFECTLY HARMLESS.

Dr. SCHENCK, who has enjoyed uninterrupted health, was wa-ted away to a mere skeleton, in the very last stage of Palmonary Consumption, his physicians having pronounced his case hopeless, and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompany each, making it not absolutely necessary to personally see Dr. Schenek. unless patients wish facir lungs examined, and for this purpose he is professionally at his Principal Office,
